

Road Map to Credit Education

Essential Information to Help You Understand the Importance of Credit

The workshops are designed to educate you on how to understand your credit report, interpret your credit score and acquire information that will help you learn how your credit history affects your life.

The following topics will be discussed in sequential order starting July 27, 2004 ending October 26, 2004:

- What is credit and how does it work – 07/27/04
- Identifying the credit of your customer base – 08/24/04
- Fair Debt Collection Practices Act and Fair Credit Reporting Act – 09/23/04
- Credit Report Analysis and Credit Scoring – 10/26/04

According to the Fair Credit Reporting Act, no one can legally remove accurate and timely negative information from a credit report. However, the law does allow you to request a reinvestigation of information in your file that you dispute as inaccurate or incomplete. There is no charge for this. Everything a credit clinic can do for you legally, you can do it for yourself at little or no cost.
